

Forget-Me Not Baskets® provides bereavement bags and baskets for families who have experienced a loss during pregnancy and childbirth. We supply bereavement items for 22 locations in the Northeast Ohio area. We have donated over 3,800 bereavement bags over the past 12 years and just last year we donated over 930. We are looking to expand our efforts and support more families throughout Ohio and beyond.

To support our growth, we have developed a sponsorship program. If you would like to provide Forget-Me-Not Baskets® items to your local hospital, any person or organization can sponsor this effort. Below are details on how to sponsor.
